## Automatic Vertical Form Filling Packing Machine **HSY-VMS10070**

### Packaging Versatility

The HSY-VMS10070 is capable of performing multiple standard bag styles, such as pillow bags, side gusseted bags and stand up block bottom bags.

### Application Versatility

The HSY-VMS10070 is designed to package an unlimited variety of products, such as powders, bakery and confectionery, tea, coffee as well as pet food and non-food products such as detergents.

### Function Versatility

Reliable and accurate servo motors for all machine functions. From the wrapping material in-feed to bag forming, sealing the seams, up to the filling. The accurate product dosing is performed immediately after the bottom sealing.

### Film Material Versatility

The flexible machine offers heat-sealing and poly-sealing options, with freely adjustable sealing temperature according to product specification.

### Easy rag

The modular machine design of HSY-VMS10070 with various up and downstream interfaces allows for easy integration of: dosing devices (screw augers, weightier, cup-fillers, liquid pumps), coffee valve applicators, gas flushing, printers, abelers as well as check-weightier and metal detector.

### Module ++

As part of the Highpack Packaging Technology portfolio, the modular machine design of the HSY-VMS10070 allows an easy integration with other packaging equipment such as Robots or case packers for secondary packaging.

### Machine Design

The low machine height facilitates a compact product stream, leading to higher speed and increased efficiency and ergonomics.

# Automatic Vertical Form Filling Packing Machine

## HSY-VMS10070

### Technical Specification

Model	<b>HSY-VMS10070</b>
Material (Structure)	Stainless Steel and Anti-Corodal/Aluminum
Cycle Speed	Up to 40 bpm (depending on application)
Measuring Range	8000ml -/+
Electrical	5.0kw, 230v, 1phase
Drive Motor	Cross Seal Jaw - Servo Motor 3.0kw; Film Transport - Servo Motor 1.0kw
Air Consumption	0.7m <sup>3</sup> /min @ 80psi (demand varies by application)
Bag Sizes	Width 220-460mm x Length 100-700mm (Programmable Multiple Vertical Seal)
Film Width	960mm
Packaging Material	Imprinted or non-imprinted off the reel. Heat-sealable packaging material and weld-able monofilm.
Type of Seal	Pillow, Gusseted, Block Bottom, Chain Bag
Machine Weight	Packing Machine Approx. 1000kgs
Machine Dimension	W 1900mm, L 2350mm, H 2450mm

Chain bags

Pillow bags

Gusseted bags

Block Bottom bags
